

Hi Username,

This is your introduction. You can tell the user a little about what is going on with TheatreProfile here, why they're getting this email, etc. This email is **responsive**, meaning it will look good on mobile or the web.

**Tip #1:** Track your comps from week-to-week or show-to-show to make sure you aren't giving away too many tickets. If your attendance and comps are both growing, you may be giving away too many seats!
